# THIS MONTH'S ACTIVITIES

## EARLY YEARS VISIT TO ERBIL ZOO

As part of their unit, students in both early years 1 and 2 learning about animals, their babies, and their different habitats. They got the chance to visit Erbil Zoo and it was a new experience for them to see and interact with the different animals.

## HEALTHY, UNHEALTHY, AND MY FAVORITE FOOD

What better way is there to teach little kids about healthy eating habits other than a fun picnic!

Students in early years 1 and 2 learned about healthy, unhealthy and what their favorite food is.

A great way to encourage them to eat healthy food was going on a picnic together and explaining the benefits of healthy food to our mind and body.

# ALL SAINTS DAY

On November 1st, early years celebrated Saints Day.

It is a day to venerate all the holy men and women who have been canonized by the Church. A day later, on the Commemoration of All the Faithful Departed (All Souls' Day), the Church remembers and prays for the faithful departed: our brothers and sisters who have died marked with the sign of faith.

Early years students were excited to show their costumes to all the other students in the assembly.

It was a day filled with fun activities that helped our little students learn more about this day, and what it means to be a Saint mean and why is it important.

# PE Classes with Ms. Sarlin

At MQS, we believe that physical education plays a crucial role in early years development.

As children move and explore the world, they learn about the properties of objects and their own capabilities. In the early years, children are establishing patterns of activity which will affect their whole future.

PE class is a fun and safe environment for kids to express themselves and learn new skills and strengthen their mental and physical health by doing lots of activities like learning about numbers, colors or shapes

“PE class is one of the students favorite subjects. Its a class where we try to learn new things in a fun active way. During this month, students were learning how to strengthen their focusing skills with fun games that requires speed and focus“
